

**DIRECTORATE OF TECHNICAL EDUCATION VOCATIONAL
AND INDUSTRIAL TRAINING, HIMACHAL PRADESH,
SUNDERNAGAR, DISTT. MANDI (HP)**

No. STV(TE)/HF(5)//Misc/2020- 25447

Dated:01-4-2020

To,

All the Director/Principals
Govt. Pharmacy, Engineering Colleges and Polytechnics of
Himachal Pradesh

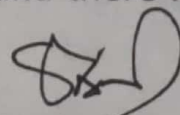

Subject: Regarding E-Learning

Sir/Madam,

As you are aware that in order to contain the spread of COVID-19, the competent authority has decided to close all the Technical and Vocational Institutions, ITIs, Polytechnics Engineering and Pharmacy Educational Institutions /offices etc. Hence it is not possible for the students to attend regular classes in their institutes. Under the present circumstances the students can continue their studies while they are at their hometowns by making use of social media/Information Communication Technology(ICT).

In this context you are advised to ask your faculty to make use of any online platform to engage students such as Google Classroom, WhatsApp groups etc. of the students of their respective disciplines along with HODs and Head of the Institute. The faculty may pass the instructions/advise the students for continuing their studies by sharing video lectures, study material which may be PDF, PPTs, NPTEL Lectures, Youtube links/Videos or any other relevant material at least 2-3 times in a week to cover the remaining contents of the syllabus. Faculty may be further advised to give assignments to the students and also to evaluate the performance of the students accordingly. The Director/Principals will monitor the activities and advise them from time to time for making improvement on need basis.

In view of the above you are advised to take necessary steps so that students may effectively use this time and there is minimum loss of studies of the students.

Director Technical Education,
Vocational & Industrial Training,
Himachal Pradesh, Sundernagar
